

Returning contact lenses to Central Supply-

If you are returning contact lenses boxes to Central Supply for credit from WVA, you must:

*Send in an inventory return form with the patient's name and account number on the form.
(even if you ordered extra on accident or boxes instead of trials I need to know)

*If the contact lenses are on the patient's ledger, make sure to send in a refund slip with the product.

Once they are received here, Compulink will be notated what we are returning.
